

Investment Intern Program Fall 2026/Winter 2027/Summer 2027

Are you a student with a passion for pursuing a career in investing? If you're an undergraduate student, we invite you to apply for our Burgundy Investment Intern Program.

What You Can Expect:

The internship program equips you with the tools and knowledge necessary to carve out a successful career in investing. During your four months with us, you will:

- Collaborate with portfolio managers and analysts within specific geographic groups, conducting analyses of public investment securities.
- Undergo comprehensive training in accounting, financial modeling, report writing, research, and company analysis.
- Receive assigned companies, topics, or industries to research independently.
- Engage closely with the investment team, gaining firsthand experience in the daily life of an analyst and exposure to one of the geographic sectors covered by our Portfolio Managers.
- Draft reports on your research findings and engage in discussions with your team.
- Present a final report and presentation to your team, the CIO, and the Director of Research, showcasing the skills acquired during the program.

About Burgundy Asset Management Ltd:

Burgundy Asset Management is a global investment manager providing discretionary investment management for private clients, foundations, endowments, pensions, and family offices. Founded in 1990, Burgundy employs a quality-value investment approach to preserve and grow our clients' capital over the long term. We strive to protect and build our clients' wealth with a commitment to long-term success.

Who We're Seeking:

We welcome students from diverse academic backgrounds, as your field of study is not a definitive factor. Ideal candidates demonstrate a robust academic record, intellectual curiosity, and effective teamwork skills. A keen interest in financial markets is a key attribute we value.

We are particularly interested in students with a solid foundation in basic accounting and a genuine enthusiasm for analyzing companies. Candidates should display the motivation to conduct thorough research, with proficiency in working with and managing various data sources.

Exceptional written and verbal communication skills, coupled with tenacity and genuine curiosity about the world, are traits we highly appreciate. A blend of humility and a strong desire to learn and improve is integral to our ideal candidate profile.

What to Anticipate:
